# *Truly* MAGICAL

Dating from 1904, the Manor House as it stands today was built by the Fleming family who owned much of the adjacent land. Being run as a hotel since 2001, Chilworth Manor is now a popular and well-established venue with a rich history, offering an idyllic setting for your wedding.

# *Into the* WOODS

Chilworth Manor is conveniently located in the leafy Hampshire outskirts of Southampton with easy access to Winchester, Portsmouth and the New Forest. The hotel offers 12 acres of beautifully landscaped gardens, with a further 27 sprawling acres in the Chilworth Conservation Area which seamlessly flows from the hotel grounds, providing many unique photo opportunities for you to explore, from the pretty lake with its flowering lilies, to the mysterious Deer Ring.

# Say I DO

Chilworth Manor caters for a wide variety of wedding celebrations and offers a number of private suites, each with individual charm. Our experienced team will guide you to making the perfect selection for your special day.

Our team appreciate that every wedding must be unique and will work hard to guide and encourage you whilst focusing on your priorities to ensure a truly memorable day in whichever of our elegant locations you select.

The Lord Selborne Suite offers outstanding views of the tranquil grounds, and benefits from a private terrace. This suite also includes the use of the private Herb Garden Lounge for your guest bar, as well as a quiet area in which guests can relax.

The Coach House is a spacious and self-contained suite, perfect for larger wedding celebrations, featuring its own private bar and anteroom, ideal for a quieter lounge area

during evening celebrations. The Coach House has a private terrace and is popular for couples choosing to include barbecues or hog roasts in their celebrations during the summer months.

A number of other suites are available for couples seeking something more intimate with the Seely, Earl Jellicoe, and GK Chesterton Suites all available for celebrations with family and friends for a traditional wedding breakfast, or perhaps an afternoon tea celebration.

Regardless of the suite you choose for your celebration, Chilworth Manor provides a stunning backdrop to your special day. The elegance of the Manor House, expanse of rambling and romantic outdoor spaces and tasteful decoration of our dressed wedding suites will certainly thrill your wedding guests and ensure your day lives up to all your imaginings.

Chilworth Manor is licenced to hold civil ceremonies for up to 120 guests in a selection of our beautiful suites. Ranging from small, intimate ceremonies in the Seely Suite, to larger gatherings in the Lord Selborne or Coach House Suite. The GK Chesterton, our most popular ceremony suite, is adjacent to our main Galleried Hall, and was the original library room at the Manor House. All of our licensed ceremony suites offer natural daylight and garden views, and working with a number of our preferred suppliers, can be dressed according to your colour scheme.

# Impressive SCENES

The gardens at Chilworth Manor provide stunning backdrops for photographs to treasure. Guests are also invited to explore the Chilworth Conservation Area which directly connects to the hotel grounds with the Manor's original boating lake, creating a picturesque sanctuary. The boats have long since been replaced by wild lilies to provide a beautiful vista from the bridge back towards the Manor.

The Conservation Area is also home to the 'Deer Ring'. This is an impressive ring of Western Red Cedars that are believed to be up to 120 years old. We are certain that the deer ring provides a mysterious and romantic natural space within which to wander and an entirely unique and dramatic setting for photographs that will be a talking point for years to come.

Chilworth Manor is home to an impressive Cedar of Lebanon tree. The tree is one of the largest by circumference in England, cloaked in magnificence and believed to be at least 200 years old. Its evergreen conifer is a symbol in ancient history of immortality and eternal peace – a popular spot to eternalise your precious moments with a photograph under the ornamental foliage.

The grounds at Chilworth also include a helipad for couples wanting to arrive, or depart, by air. This is located in the hotel's gardens to the rear of the property, ensuring your guests can gather on the terrace to provide a warm welcome, or to give a fitting send off.
